## TO BE FILLED OUT BY ARCHIVES AND HISTORY STAFF ONLY

Based on the information provided, we know of no properties included in or eligible for inclusion in the National Register of Historic Places that will be affected by this project. Our comments are advisory only. The federal agency is responsible for determining if historic properties will be affected by the undertaking.

We request that our office be notified immediately if any archaeological materials are encountered during construction. Archaeological materials consist of any items, fifty years old or older, which were made or used by humans. These items include, but are not limited to, stone projectile points (arrowheads), ceramic sherds, bricks, worked wood, bone and stone, metal and glass objects, and human skeletal materials.
